

REMARKS:

Applicant is filing a Supplemental Information Disclosure Statement concurrently with this Preliminary Amendment. Applicant believes that both the original and new claims are patentable in light of the references and the sample mouthguard cited in this and prior Information Disclosure Statements. The new claims are added to permit more complete coverage of Applicant's invention.

Applicant does not believe that any new matter has been added by way of the new claims or the amendment to the specification, which find clear support in the drawings as originally filed. Nevertheless, Applicant respectfully requests that the Examiner carefully review the claims and specification for any new matter or written description issues.

If there is any fee due in connection with the filing of this paper, please charge the fee to our Deposit Account 50-0310.

Respectfully submitted,
